

RECLAMATION DISTRICT NO. 1614

AGENDA FOR
SPECIAL BOARD OF TRUSTEES MEETING
2:00 P.M. AUGUST 29, 2016
509 WEST WEBER, 5TH FLOOR
STOCKTON, CALIFORNIA

AGENDA

1. Call to Order/Roll Call.
2. Public Comment. The public may comment on any matter within the District's jurisdiction that is not on the agenda. Matters on the agenda may be commented on by the public when the matter is taken up.
3. Approval of Minutes of the special meeting of July 11, 2016.
4. Presentation of Financial Status Report.
 - a. California Central Valley Flood Control Association Invoice.
5. Presentation of Engineer's Report. Discussion and possible action:
 - a. Permit requests
 - b. Wisconsin Pump Station.
 - c. Letter of support for San Joaquin County Round 2 Emergency Response Funding.
6. Presentation of Superintendent's Report; request for direction.
 - a. Discussion and Possible Action to purchase 2017 Ford F250 from Big Valley Ford.
7. Report on Meetings Attended.
8. District Calendar.
9. Items for future meetings.
10. Correspondence.
11. Motion to Approve of Bills.
12. Adjournment.

This agenda shall be made available upon request in alternative formats to persons with a disability, as required by the Americans with Disabilities Act of 1990 (42 U.S.C. § 12132) and the Ralph M. Brown Act (California Government Code §54954.2). Persons requesting a disability related modification or accommodation in order to participate in the meeting should contact Rhonda Olmo at 209/948-8200 during regular business hours, at least forty-eight hours prior to the time of the meeting.

Materials related to an item on this Agenda submitted to the Trustees after distribution of the agenda packet are available for public inspection in the office of the District Secretary at Neumiller & Beardslee, 509 W. Weber Avenue, 5th Floor, Stockton, California during normal business hours. The agenda is also available on the Reclamation District website at: <http://www.rd1614.com/>

ITEM 3

MINUTES OF SPECIAL MEETING OF BOARD OF TRUSTEES
FOR RECLAMATION DISTRICT 1614
HELD MONDAY, JULY 11, 2016

The July Special Meeting of the Board of Trustees of Reclamation District 1614 was held on Monday, July 11, 2016, at the law office of Neumiller & Beardslee, 509 W. Weber Avenue, 5th Floor, Stockton, California, at the hour of 2:00 p.m.

TRUSTEES PRESENT WERE:

WILLIAM DUNNING
BEN KOCH

OTHERS PRESENT WERE:

DANIEL J. SCHROEDER
CHRISTOPHER H. NEUDECK
RHONDA L. OLMO
ORLANDO LOBOSCO
ANDREW J. PINASCO
ROBERT BELLIN, resident
MAX GALLEGOS, resident
DOMINICK GULLI, Green Mountain Engineering

ABSENT WAS:

ROBERT WISE

Item 1. Call to Order/Roll Call. President Dunning called the meeting to order at 2:00 p.m.

Item 2. Public Comment. Mr. Dominick Gulli asked if the Board was aware of the geotechnical report prepared by DWR/Kleinfelder (for the Smith Canal Levees). Mr. Gulli feels the report has some valuable information. He asked Mr. Chris Neudeck if he would review it and report to the Board at a future meeting.

Mr. Gulli referred to another report prepared by FEMA (LAMP Procedures – Levee Analysis and Mapping Approach) for non-accredited levee systems. Mr. Gulli asked that Mr. Neudeck also review this and report to the Board as to its applicability to the levees.

Mr. Bob Bellin stated that he felt that the Annual Town Hall Meeting last month went well and said it was informative.

Item 3. Approval of Minutes of the regular meeting of June 6, 2016 and special meeting of June 16, 2016. After review,

It was moved, seconded (Dunning/Koch) and unanimously carried by the Board of Trustees of Reclamation District 1614 that the Minutes of the Regular Meeting of June 6, 2016 and Special Meeting of June 16, 2016 be approved as read.

Item 4. Presentation of Financial Status Report. District Secretary, Rhonda Olmo, handed out the Financial Report. Mrs. Olmo stated that this is the final Financial Report for Fiscal Year 2015/2016. After review,

It was moved, seconded (Dunning/Koch) and unanimously carried by the Board of Trustees of Reclamation District 1614 that the Financial Report be approved as presented.

- a. Approve 2015/2016 Audit Contract with CSV.

Mr. Dan Schroeder said that it is time for the District to select the firm that will be doing the 2015/2016 fiscal year audit. Mr. Schroeder reviewed the proposal from Croce, Sanguinetti, & Vander Veen (CSV). CSV has been doing the audits to date. He stated that this proposal is a carbon copy of what has been presented in the past. Mr. Schroeder said the firm is very thorough and he recommends using them again.

It was moved, seconded (Dunning/Koch) and unanimously carried by the Board of Trustees of Reclamation District 1614 that the 2015/2016 Audit Contract with Croce, Sanguinetti, & Vander Veen, Inc. be approved as presented, and the President is authorized to execute the contract.

- b. Approve Renewal of Insurance.

Mr. Schroeder stated that it is also time for the District to renew its insurance policy. He said part of the renewal process is for the President to execute the Statement of Values.

Upon motion duly made, seconded (Dunning/Koch) and unanimously carried, the Trustees of Reclamation District 1614 approve the Renewal of Insurance as presented, and the President is authorized to sign the necessary documents.

- c. Approve Records Storage Agreement.

Mr. Schroeder said that RD 1614, RD 1608 and RD 2126 all share a storage unit and its cost in order to store long-term District records. He said that RD 828 would like to join the three Districts and share the storage space, along with its associated cost. All the Districts will now pay a quarter of the price to rent the space. Mr. Schroeder said there is plenty of room available for all the Districts.

Upon motion duly made, seconded (Dunning/Koch) and unanimously carried, the Trustees of Reclamation District 1614 approve the renewal of the Records

Storage Agreement as presented, and the President is authorized to sign the Rental Agreement.

Item 5. Presentation of Engineer's Report. Discussion and possible action:

- a. Permit Requests. - None
- b. Wisconsin Pump Station. – See below

Excerpts from the Engineer's Report:

I. Delta Levee Subventions Program SB 34

- A. Review status of plan and permit development for repairs to the Collins Property along Smith Canal at 2030 Moreing Court between the repairs made at the Davies and Guerrero residences.

As previously reported by Mr. Chris Neudeck, there was a change in the design plans which simplified construction (Mr. Neudeck was moving forward with negotiations with the Collins family - Agreement to dedicate an Easement). Mr. Neudeck said that Mr. and Mrs. Collins have reviewed the Agreement and now have an issue with one part. Mr. Neudeck is in the process of setting up a meeting to find out what this issue entails. He stated that once the issue is resolved that he would go out to contract for the work, and bring the bids to the Board for their consideration.

II. SAN JOAQUIN COUNTY FLOOD MANAGEMENT (TAC) MEETINGS

- A. Review status of San Joaquin County Flood Management Technical Advisory Committee (TAC) Meetings. Meetings now only scheduled on the 3rd Wednesday of the month.

No Report.

- b. Wisconsin Pump Station.

Last month, Mr. Schroeder and President Dunning met with Assemblywoman Susan Eggman's staff in order to try to get some funding directly from the State. They spoke about the District's funding issues (multiple grants that have been applied for in order to try to find additional funding to make-up the shortfall for the Wisconsin Pump Station). Mr. Schroeder stated that the discussion was brief, but very effective and thorough. The discussion was about the residents putting up their money by approving the assessment, why it is needed, and how it affects the District and its constituents in the event the funding does or does not come through. Mr. Schroeder said they were interested in seeing if they can make something work. They also discussed if it would be achievable to do funding before the next budget cycle (next winter). Mr. Schroeder said the staff felt it would be better to wait for the next

budget cycle if possible. Mr. Schroeder, President Dunning, and Mr. Neudeck will be meeting with them again in September. Further discussion was held.

Item 6. Presentation of Superintendent's Report; request for direction.

District Superintendent, Mr. Orlando Lobosco, handed out his Superintendent Report. He said that the stations are operating as designed, and there are no problems to report.

Mr. Lobosco just finished having the alarm systems put in place at the designated pump stations. He started receiving phone calls for the Kirk station pertaining to a lack of communication with the base station. Mr. Lobosco, after troubleshooting the problem, found a faulty unit. This unit was sent back for replacement and should be back this week.

Since San Joaquin Lumber is going out of business, an opportunity was had to obtain some inexpensive lumber. Mr. Lobosco is in the process of replacing the flooring at the Gardena Pump station.

Mr. Lobosco made contact with a Fish and Game representative and had the depredation permit for managing the beaver issues renewed through 2017.

Mr. Lobosco concluded his Superintendent Report. President Dunning asked if anyone had questions. None was asked.

Item 7. Adopt Resolution 2016-05 Certifying Assessments To Be Collected And Establishing A Procedure For Collection for Fiscal Year 2016-2017.

Mr. Schroeder said that it is time for the District to identify again, for the purposes of collection, the amount of assessments that are going to be collected. This Resolution presented is for the general assessment that everyone within the District receives. Mr. Schroeder said that as in prior years the District is seeking 100% of the maximum amount that the voters authorized the District to do in 2007. This Resolution also establishes a procedure that the District is collecting the assessments as part of the property tax bill, which will require the District to agree to compensate the tax collector a nominal amount for having to do so. Mr. Schroeder asked for questions and/or concerns. None was asked.

Therefore,

It was moved, seconded (Dunning/Koch) and unanimously carried by the Board of Trustees of Reclamation District 1614 that Resolution 2016-05 Certifying Assessments To Be Collected And Establishing A Procedure For Collection for Fiscal Year 2016-2017 be adopted.

Item 8. Adopt Resolution 2016-06 Certifying Wisconsin Pump Station Assessments To Be Collected And Establishing A Procedure For Collection for Fiscal Year 2016-2017.

Mr. Schroeder stated that this is the assessment for the Wisconsin Pump Station Assessment. He said that the District, as of last year, is again seeking to have each of the property owners pay the maximum Prop 218 amount that they authorized the District to collect. This also establishes the procedure for collecting this part of the property tax bill. Mr. Schroeder asked for questions and/or concerns. None was asked.

Therefore,

It was moved, seconded (Dunning/Koch) and unanimously carried by the Board of Trustees of Reclamation District 1614 that Resolution 2016-06 Certifying Wisconsin Pump Station Assessments To Be Collected And Establishing A Procedure For Collection for Fiscal Year 2016-2017 be adopted.

Item 9. Adopt Resolution 2016-07 Authorizing And Directing Filing Of Notice Of Exemption For Routine Maintenance, For Fiscal Year 2016-2017.

Mr. Schroeder said that this is the Districts annual CEQA authorization for filing of a Notice of Exemption for the routine maintenance that is occurring on the levee. This is done annually, and will cover the work for FY 2016/2017. Mr. Schroeder asked for questions and/or concerns. None was asked.

Therefore,

It was moved, seconded (Dunning/Koch) and unanimously carried by the Board of Trustees of Reclamation District 1614 that Resolution 2016-07 Authorizing And Directing Filing Of Notice Of Exemption For Routine Maintenance, For Fiscal Year 2016-2017 be adopted.

Item 10. Report on Meetings Attended.

President Dunning stated that he felt the Annual Town Hall Meeting went very well. He said that Mr. Neudeck and Mr. Schroeder did a very good job and answered many questions. President Dunning was a little disappointed that out of the 4,500 homes in the District that approximately only 20 people attended. However, President Dunning said that he got a lot out of the meeting himself, and he enjoyed speaking with the residents afterwards. He said that he received a lot of positive reinforcement from the residents in attendance. President Dunning said that he would like to have another Special Town Hall Meeting at the Amblers Club in October. Mr. Schroeder will work on the scheduling of the next meeting.

Item 11. District Calendar.

- a. August 1, 2016 and September 5, 2016 Regular Board Meetings have both been rescheduled to August 29, 2016.

Following the August 29, 2016 meeting, the next Regular Board Meeting will resume on October 3, 2016.

Item 12. Items for Future Meetings. Two Trustees have terms that expire this year (Trustee Ben Koch and Trustee Robert Wise). A letter from the Registrar of Voters is included in the Agenda Packet detailing the calendar of events of the upcoming election. This information is also on the District's website. Mr. Schroeder encourages anyone that is interested in running for a position to go to the District's website and review the information.

Item 13. Correspondence Received. See Agenda items 4 (a), (b), and (c).

Item 14. Motion to Approve Bills.

It was moved, seconded (Dunning/Koch), and unanimously carried by the Board of Trustees for Reclamation District 1614 that the Trustee's authorize/approve the Bills to be Paid for June, 2016.

Item 16. Adjournment. The meeting was adjourned at 2:52 p.m.

Secretary: The agenda for this meeting was posted at 509 W. Weber Avenue, Stockton California at least 72 hours preceding the meeting.

Respectfully submitted,

Rhonda L. Olmo
District Secretary

<i>Treasurer</i>	PETE GHELFI

TO: CCVFCA Members and Associate Members
FROM: Melinda Terry, Executive Director
DATE: August 10, 2016
SUBJECT: Annual Member/Associate Dues for FY 2016-17

Enclosed is an invoice of your annual CCVFCA dues for FY 2016-17 per the annual rates approved by the board of directors in June. No changes were made to the rates for any of the member categories, therefore your annual dues remain the same as last year.

Your agency's membership in CCVFCA allows the Association to continue influencing legislation and regulatory programs, and to provide leadership in educating the public and policymakers about local flood control efforts through our annual Flood Forum in March, the weekly Flood Flash newsletter, regular updates of our website, staff's participation in flood protection planning efforts, and the hard work of our lobbyist on flood-related legislation.

In addition to participating in various planning efforts last year, such as the update of the Central Valley Flood Protection Plan and the Delta Levee Investment Strategy, the Association once again organized tours for legislators and staff of the levee systems in the northern Sacramento Valley and Delta, and held a legislative briefing at the Capitol on flood preparedness that was very well attended due to the media hype about El Nino's potential to deliver super-soaker storms of Biblical proportions.

Thank you for your continued membership. The fiscal support of each agency allows the Association to continue representing the interests of the greater flood management community.

If you have any questions regarding the enclosed FY 2016-17 dues invoice, please call Cindy Tiffany at (916) 446-0197.

Re: Letter of Commitment for Flood Emergency Response Projects Delta Grant

Dear Mr. Paasch:

This letter is in reference to the **San Joaquin County's application for the San Joaquin Operational Area Delta (Round Two) Flood Readiness Project**, to receive funding under the Flood Emergency Response Projects – Delta Grant.

With this letter of commitment, Reclamation District 1614 supports the project and commits to participating in the project by participating in meetings and workshops, providing available existing information from our agency, producing and/or reviewing deliverables, to support the development and implementation of the project.

For this project, our contact information is as follows:

Name: Christopher H. Neudeck
Title: Engineer
Address: Kjeldsen, Sinnock, & Neudeck, Inc.
711 N. Pershing Avenue, Stockton, CA 95203
Phone: (209) 946-0268
Email: cneudeck@ksninc.com

We look forward to working with San Joaquin County, Office of Emergency Services, and the other local entities that will be part of the **San Joaquin Operational Area Delta (Round Two) Flood Readiness Project**.

Sincerely,

WILLIAM V. DUNNING
President, Board of Trustees
Reclamation District 1614

FORD CREDIT
Municipal Finance

Maximize your budget. Municipal Finance Program

Smart funding.

Many public agencies are discovering that Municipal Lease/Purchase Financing is today's answer to acquiring essential equipment within limited budget confines – without major cash outlays, long-term debt obligations or, in most cases, voter approval.

Here's how it works.

- Fixed-rate financing helps you get the vehicles you need when you need them, while sticking to your current budget
- Flexible repayment terms – monthly, quarterly, semiannual and annual
- Finance add-on equipment, upfits and extended-warranty plans
- Equity is accumulated with each payment, and ownership is realized with a final payment of \$1

Shown with optional features and aftermarket equipment.

For your benefit.

- Avoid high costs of maintaining older equipment
- Low-cost, tax-exempt interest rates
- No down payment or security deposit required
- No mileage restrictions
- No maintenance or return provisions

Ford Motor Credit Company ("FMCC") is providing the information contained in this document for discussion purposes only in connection with a proposed arm's-length commercial leasing transaction between you and FMCC. FMCC is acting for its own interest and has financial and other interests that differ from yours. FMCC is not acting as a municipal advisor or financial advisor to you, and has no fiduciary duty to you. The information provided in this document is not intended to be and should not be construed as "advice" within the meaning of Section 15B of the Securities Exchange Act of 1934 and the municipal advisor rules of the SEC. FMCC is not recommending that you take an action and you should discuss any actions with your own advisors as you deem appropriate.

COPIES	DATE	DESCRIPTION
1	06/30/16	Copy of Reclamation District No. 1614 Delta levees Subventions Program Application for Fiscal Year 2016-2017

June 29, 2016

Ms. Andrea L. Lobato
Division of Flood Management
Delta Suisun Marsh Office
1416 Ninth Street, Room 1641
PO Box 942836
Sacramento, CA 94236-0001

**Re: Reclamation District No. 1614
Delta Levees Subventions Program
Application for Fiscal Year 2016-2017**

Dear Ms. Lobato:

Pursuant to Section 3.1 of the Delta Levee Subventions Program Preliminary Procedures and Criteria, and revisions thereto, Reclamation District No. 1614 hereby notifies you of its intent to participate in the Subventions Program for Fiscal Year 2016-2017.

Enclosed are two copies of the approved District's 2016-2017 Application for participation in the Delta Levees Subventions Program. Please prepare the agreements necessary for the District to participate in the program and transmit to the District and a copy to Kjeldsen, Sinnock & Neudeck.

If you have any questions or require additional information please call me at (209) 946-0268.

Sincerely,
KJELDEN, SINNOCK & NEUDECK, INC.

Wendy L. Fuerte

R.D. No. 1614, F.Y. 2016-2017 DELTA LEVEE SUBVENTIONS PROGRAM APPLICATION

SECTION I - GENERAL APPLICATION REQUIREMENTS

1. GENERAL

- A. The Board of Trustees of Reclamation District No. 1614 has authorized the filing of an Application for participation in the Delta Levee Subventions Program for fiscal year 2016-2017.
- B. Upon approval, the Board of Trustees of Reclamation District No. 1614 will execute, sign, and enter into an Agreement with the Central Valley Flood Protection Board of the State of California for financial assistance to perform maintenance and rehabilitation work in accordance with the provisions and criteria set forth in the Agreement.
- C. The District will provide the Central Valley Flood Protection Board with a certified resolution authorizing the execution and signature of the above Agreement.

2. DISTRICT INFORMATION

- A. The non-project and project levee systems surrounding Smith Tract is under the jurisdiction of Reclamation District No. 1614. The District will continue to perform levee maintenance and rehabilitation work in accordance with established standards, provisions, and criteria. The non-project levee system starts at Pershing Avenue and west along the north bank of Smith Canal and Atherton Cove then along part of east bank of the San Joaquin River. The project levee continues along the east bank of the San Joaquin River and up to the south bank of the Calaveras River then east to Pershing Avenue

Total Acreage Protected by Levees:	1940 Acres
Non-Project Levee Miles:	2.8 Miles
Project Levee Miles:	<u>2.7 Miles</u> (Not Eligible for Program)
Total Miles:	5.5 Miles

- B. The land use of the area protected by the levee systems is urban and devoted solely to residential and commercial use and current plans do not include any changes.
- C. Approximately 13,000 to 15,000 persons inhabit Reclamation District No. 1614 on a permanent basis.
- D. The District levies a special assessment each year to fund flood control, levee maintenance, rehabilitation, and environmental requirements related to those lands or rights-of-way within the District's jurisdiction. This special assessment is a direct levy allocated amongst the various property owners on a per acre basis.
- E. Reclamation District No. 1614 did not apply for federal disaster assistance during the past fiscal year.
- F. The District will comply with current prevailing wage regulations.

3. WORK DESCRIPTIONS

- A. A full size (24" x 36") base map has been developed for this Reclamation District using USGS Quadrangle Map, Stockton West, with a scale of 1"=400' and levee stationing. A reduced (11" x 17") base map is included with this application.
- B. Maintenance Work
 - 1. Description of Work - Refer to Section I, Subsection 6, Annual Routine Levee Maintenance.
 - 2. Drawings - A general engineering work plan is included with this application. Additional detailed engineering plans of proposed 2016-2017 major work activities have not been authorized by the District. Site specific engineering plans and work, when authorized, will be coordinated with the appropriate agencies prior to construction.
 - 3. Budget Cost of Proposed Work - Refer to Section I, Subsection 5A.
- C. Rehabilitation Work
 - 1. Description of Work - Refer to Section I, Subsection 7.

R.D. No. 1614, F.Y. 2016-2017 DELTA LEVEE SUBVENTIONS PROGRAM APPLICATION

- 2. Drawings - No specific plans or project sites have been developed or authorized by the District at this time.
- 3. Budget Cost of Proposed Work - Refer to Section I, Subsection 5B.

D. Description of Any Material Borrow Sites

- 1. The District's planned work does not include the use of any borrow materials for this fiscal year.

4. LONG RANGE PLANS

- A. The District's long range rehabilitation plans have concentrated on maintaining compliance with the Hazard Mitigation Plan (HMP) required by FEMA for future disaster assistance.
- B. On November 18, 1997 FEMA determined that the District met the Requirements of the HMP. Currently, the levees of the District essentially meet or exceed the HMP specifications.
- C. The District has adopted the following long range design standards and plans for non-project levee system under their jurisdiction:

Crown Width	=	20 Feet
Crown Elevation	=	11.5 Feet (U.S.G.S. Datum)
Top of Riprap Elevation	=	8.5 Feet (U.S.G.S. Datum)
Base Flood Elevation	=	7.5 Feet (U.S.G.S. Datum)
Waterside Slope	=	2 Horiz. to 1 Vert. (2:1)
Landside Slope	=	3 Horiz. to 1 Vert. (3:1)

D. Continuing Inspection Plans

- 1. The District plans to continue maintenance of its levee system to comply with HMP and State standards and requirements for maintenance and rehabilitation. The District will also conduct levee inspections and engineering surveys to keep abreast of subsidence, erosion, slipouts, and seepage along the levee section. In addition, periodic waterside levee slope inspections will be conducted at low tides to monitor existing conditions and riprap protection. Necessary repairs will be scheduled accordingly.
- 2. The project levee is inspected and maintained by the San Joaquin County Flood Control and Water Conservation District.

E. Environmental long range plans and goals consist of continued compliance with the requirements set forth under AB 360.

F. The District has determined that its long range levee maintenance and rehabilitation work and plans fall within the classes of projects which have been declared categorically exempt from the provisions of CEQA.

R.D. No. 1614, F.Y. 2016-2017 DELTA LEVEE SUBVENTIONS PROGRAM APPLICATION

5. BUDGET COST ESTIMATE FOR PROPOSED WORK

	<u>2016-2017 APPLICATION</u>
A. ANNUAL ROUTINE LEVEE MAINTENANCE	
1. Levee Inspection	\$7,500
2. Rodent Control & Filling Burrows	\$35,000
3. Repair and Grading of Levee Patrol Roads, Access Roads & Ramps	\$0
4. Repair of Levee Erosion & Subsidence	
A. Minor Slip outs & Erosion Repairs	\$150,000
B. Subsidence of the Levee Section	\$7,500
C. Hydroseeding – Land side Erosion Repairs	\$0
5. Removal of Drift Deposits & Debris from Levee & Waterside Berm	\$0
6. Levee Drainage Control	
A. Seepage & Boils	\$0
B. Core Trench Installation	\$0
7. Cleaning Drains & Toe Ditches Adjacent to Landside Levee Toe	\$0
8. Levee Vegetation Control & Management	\$10,000
9. Repair or Restoration of Waterside Slope Protection	\$75,000
10. Flood Emergency Planning & Preparation	\$10,000
11. Encroachments	
A. Removal of Encroachments & Restoration of Levee Section	\$2,500
B. Repair, Replacement, or Modification to Benefit Flood Control	\$10,000
12. Levee Profile & Cross Sections	\$0
13. Other Levee & Underwater Surveys	\$0
14. Engineering Services & Subventions	
A. Program Management	\$20,000
B. Disaster Claim Management	\$0
15. Other Maintenance	\$0
16. Management and Accounting	\$0
TOTAL ROUTINE LEVEE MAINTENANCE	<u><u>\$327,500</u></u>

R.D. No. 1614, F.Y. 2016-2017 DELTA LEVEE SUBVENTIONS PROGRAM APPLICATION

2016-2017
APPLICATION

B. LEVEE REHABILITATION

1. Hazard Mitigation Plan Levee Improvements

A. Raising Levee to 1.0' Freeboard Plus 0.5' Tolerance	\$0
B. Flattening Waterside Slopes to 1½:1 and/or Landside Slopes to 2:1	\$0
C. Widening Levee Crown to 16'	\$0
D. Construction of Landside Berms for Stability Road, Levee Access Roads & Ramps	\$0
E. Construction of All-Weather Patrol	<u>\$0</u>
TOTAL HMP LEVEE IMPROVEMENTS	<u><u>\$0</u></u>

2. Bulletin 192-82 Levee Work

A. Provide 1.5' Freeboard (Ag.) or 3.0' Freeboard (Urban) Plus 0.5' Tolerance	\$0
B. Flattening Waterside Slopes to 2:1 and/or Landside Slopes to 3:1	\$0
C. Re-widening of Levee Crown to 16'	\$0
D. Reconstruction & Upgrading of All-Weather Patrol Roads	\$0
E. Provide Turnouts, Access Roads & Ramps	\$0
F. Relocation of Toe Ditches Resulting from 192-82 Work	\$0
G. Replacement of Rock Protection Resulting from 192-82 Work	<u>\$100,000</u>
TOTAL BULLETIN 192-82 LEVEE WORK	<u><u>\$100,000</u></u>

3. Other Rehabilitation Work

A. Levee Topographic Survey	\$0
B. Levee Geotechnical Analysis	<u>\$0</u>
TOTAL OTHER REHABILITATION WORK	<u><u>\$0</u></u>
TOTAL LEVEE REHABILITATION	<u><u>\$100,000</u></u>

R.D. No. 1614, F.Y. 2016-2017 DELTA LEVEE SUBVENTIONS PROGRAM APPLICATION

2016-2017
APPLICATION

C. ENVIRONMENTAL MITIGATION

1. DF&G Permits, Subventions Program Services & Mgt., Habitat Assessment	\$7,500
2. Mitigation & Agreements	\$10,000
3. Levee Enhancement & Vegetation Management	<u>\$0</u>
TOTAL ENVIRONMENTAL MITIGATION	<u><u>\$17,500</u></u>

D. FEMA/OTHER (If Claimed for payment)

1. *FEMA Disaster Costs Submitted to DWR	\$0
2. Disaster Costs Claimed for Payment by SB 34	<u>\$0</u>
TOTAL FEMA/OTHER	<u><u>\$0</u></u>

TOTALS BY CATEGORY

A. ROUTINE LEVEE MAINTENANCE	\$327,500
B. LEVEE REHABILITATION	\$100,000
C. ENVIRONMENTAL MITIGATION	\$17,500
D. FEMA/OTHER (If Claimed for payment)	
1. *FEMA Disaster Costs Submitted to DWR	\$0
2. Disaster Costs Claimed for Payment by SB 34	<u>\$0</u>
APPLICATION TOTAL	<u><u>\$445,000</u></u>

R.D. No. 1614, F.Y. 2016-2017 DELTA LEVEE SUBVENTIONS PROGRAM APPLICATION

6. ANNUAL ROUTINE LEVEE MAINTENANCE

A. General

1. The annual routine and regular maintenance of levees under the District's jurisdiction will consist of continuing with their regularly planned and scheduled maintenance activities.
2. The District's planned and budgeted activities and work items may require adjustment, elimination, increase, or decrease of certain line items in response to any or all of the following circumstances:
 - Unforeseen levee site conditions.
 - Changes in State and Federal standards and regulations.
 - Changes in levee maintenance and rehabilitation requirements, and/or environmental programs.
 - District budget/cash flow constraints.
3. Maintenance activities are performed District wide on an as needed basis and are in accordance with the District's "Agreement for Annual Routine Levee Maintenance" as required by DFW Code Section 1601. The District will notify the Delta Levees Subventions Program Staff in advance of activities that will impact overall habitat values.

B. Maintenance Activities

1. Levee Inspection - Routine and joint levee inspections to check on maintenance activities, discover any changes in levee conditions, and report conditions that need repairs or further engineering investigations.
2. Rodent Control - Extermination of burrowing rodents and filling of burrows, as needed.
3. Repair Minor Slipouts, Erosion, or Subsidence of the Levee Section - Repair of active levee slipouts, erosion, rodent burrows, subsidence, or other site specific conditions that threaten the safety and stability of the levee, as determined by engineering investigations. Levee cavities, which require considerable slope rebuilding, will be backfilled with clean earthen materials and compacted. All repair sites will be covered with clean quarry stone riprap or other suitable revetment materials. All site repairs that are contracted out and exceed the lengths set forth in the District's DFW Annual Routine Maintenance Permit Agreement will be applied for under a separate "Site Specific" DFW 1601 Agreement.
4. Removal of Drift Deposits and Debris from Levee and Berm - Removal of flood deposited woody or herbaceous vegetation and associated debris to alleviate significantly reduced channel capacities, threatened levee safety, and liability to the District and the public.
5. Vegetation Control - Limited continuation of annual weed/ vegetation/*Arundo donax* (bamboo) control on the levee crown and slopes in accordance with County, State, and federal requirements where the District has control on their individual lots. The numerous residential property owners perform their own landscaping and maintenance on lands they own along the urban levee system..
6. Flood Emergency Planning and Preparation - Activities shall be performed as needed.
7. Removing or Modifying Encroachments - Encroachments, which do not meet State standards, endanger levee safety, or interfere with levee maintenance and road access will be removed or modified. Existing encroachments (e.g., discharge pipes, siphons, slide/ flap/tide gates, weirs, drop structures, or other existing water control devices) are scheduled to be cleaned, repaired, raised, modified, and/or replaced as needed for operation and levee safety.
8. Levee Profiles, Cross Sections, and Other Surveys - Engineering and surveying services will be performed as needed.
9. Engineering Services and Delta Levee Subventions Program Management - Provide engineering services and Management as needed.
10. Other Maintenance - No other levee maintenance activities are currently planned. However, unforeseen levee site conditions and requirements may require District action and maintenance work.

R.D. No. 1614, F.Y. 2016-2017 DELTA LEVEE SUBVENTIONS PROGRAM APPLICATION

7. LEVEE REHABILITATION PLANS

A. work activities to be performed as needed for this fiscal year are as follows:

1. Site specific engineering plans and work will be coordinated with the appropriate agencies, including the Delta Levees Subventions Program Staff, following authorization for the work by the District and prior to commencement of the work.

SECTION II ENVIRONMENTAL MITIGATION & ENHANCEMENT

1. WORK DESCRIPTIONS

A. Habitat Assessment

1. The District's levee habitat baseline assessment and vegetative mapping was completed by consulting biologists in August, 1990 and submitted to DFW and DWR. The District completed an updated Habitat Assessment (FY 2000 Habitat Assessment) prior to the October 31, 2000 deadline. The FY 2000 Habitat Assessment logs have been submitted to DFW and DWR.

B. Authorities And Permit Compliance

1. CEQA

- a. The District has determined that the routine maintenance work described in this application is categorically exempt under CEQA and from the requirements of preparing a Negative Declaration or an E.I.R., as said work falls under the Class I Categorical Exemption as defined in Section 15301 of the California Environmental Quality Act. The District plans to file "Notices of Exemption" with the County of San Joaquin for the work described herein.

2. Regulatory

- a. The District will apply for and obtain any permits deemed necessary for work described in this application.
- b. The District anticipates that the majority of work described herein will be performed pursuant to one or more of the U.S. Department of Army, Corps of Engineers Nationwide Permits, when applicable.
- c. Where applicable, the District will apply for and obtain a "Site Specific" Streambed Alteration Agreement through the Department of Fish and Wildlife in compliance with DFW Code Section 1601.
- d. Pursuant to DFW Code Section 1601, the District has signed the "Agreement for Annual Routine Levee Maintenance" Notification No. II-159-92.

2. NET HABITAT IMPROVEMENT MANDATES

- A. The District will comply with the Net Habitat Improvement Mandates required by AB 360. If habitat enhancement projects are required, the District will request participation in the DWR & DFW sponsored programmatic "habitat improvement" projects.

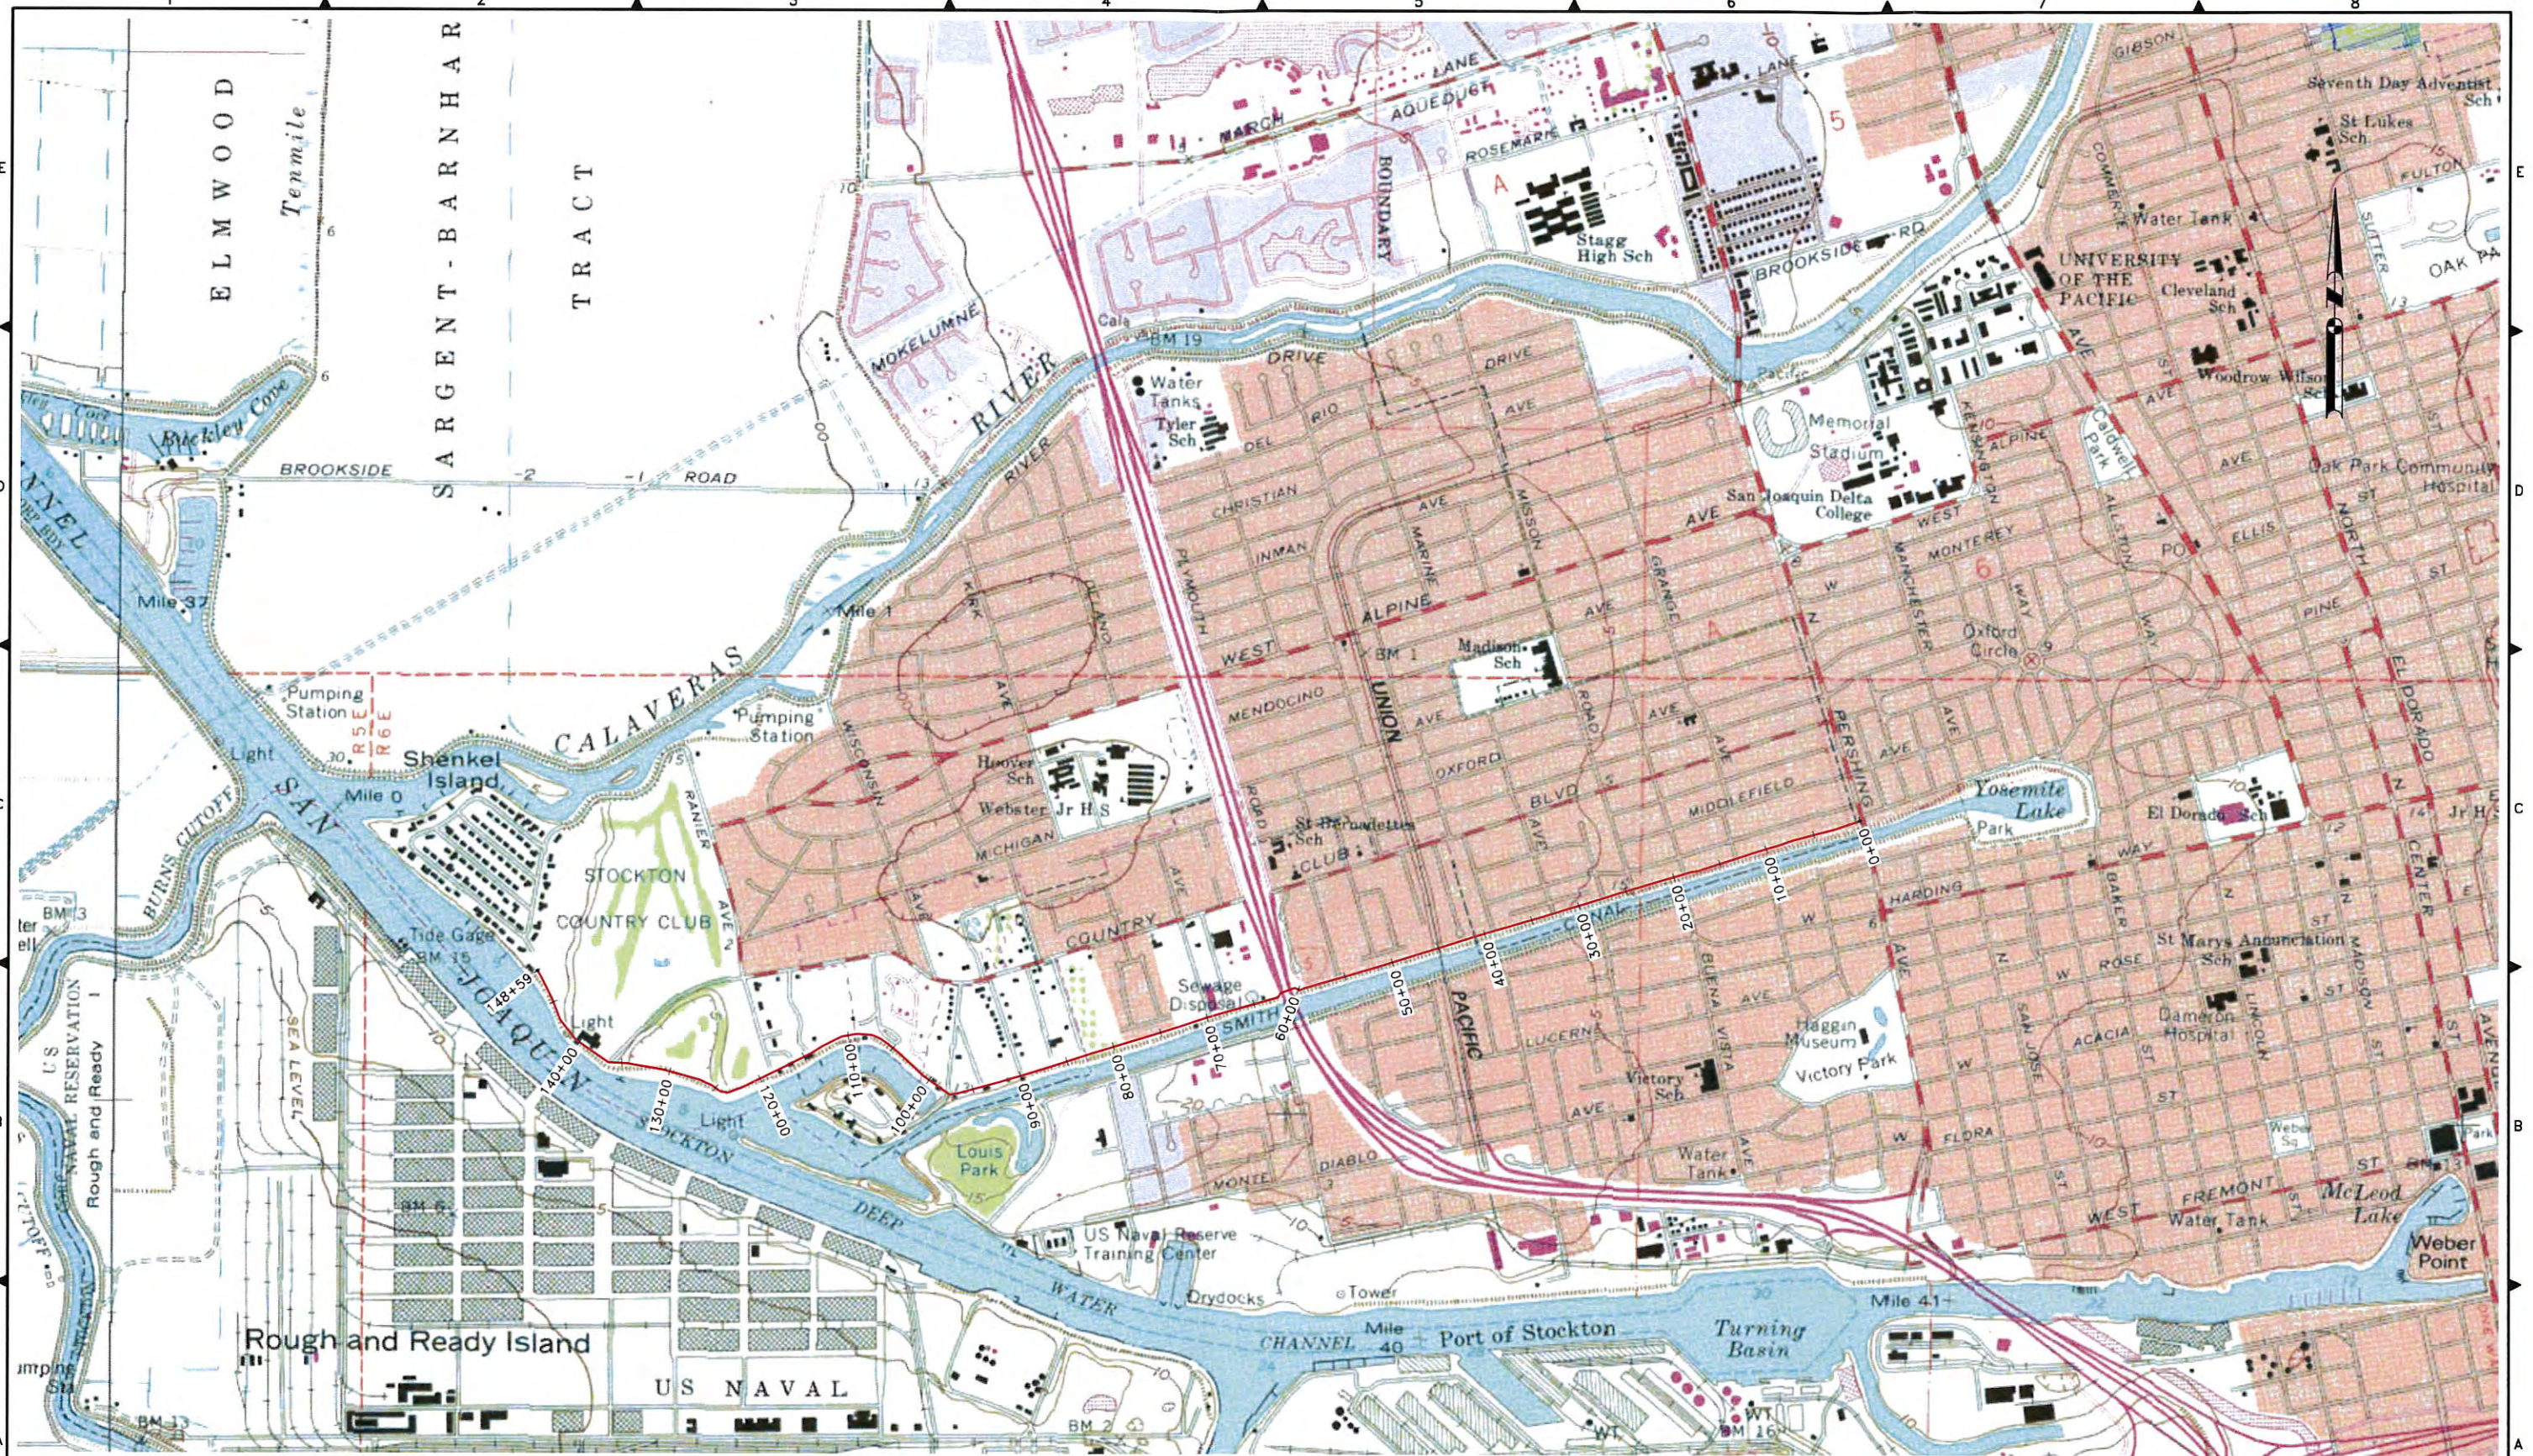

3. MITIGATION PLANS

- A. The District will comply with the Net Habitat Improvement Mandates required by AB 360, by this request to participate in DWR & DFW sponsored programmatic habitat improvement projects.

4. LONG RANG MITIGATION PLANS

- A. Continued work with DFW and DWR in a manner consistent with signed agreements and conditions set forth under AB 360.

The following project has been filed with this Department: **APPLICATION NUMBER: PA-1600185 (UP)**

PROPERTY OWNER: Stockton Golf & Country Club **APPLICANT:** Complete Wireless
3800 W Country Club BL 2009 V St
Stockton CA 95204 Sacramento CA 95818

PROJECT DESCRIPTION: A Use Permit application to construct a wireless telecommunications monopine cell tower 114 feet in height with a 1,200 square foot equipment lease area. This parcel is not under a Williamson Act contract.

The Property is zoned P-F (Public Facilities), R-L (Low Density Residential) and the General Plan designation is OS/O (Other Open Spaces).

PROJECT LOCATION: The project site is located west terminus of Country Club Blvd, at Rainer Ave, Stockton. (APN/Address: 109-020-06/3800 W Country Club Bl, Stockton) (Supervisorial District 3)

ENVIRONMENTAL DETERMINATION: A Negative Declaration is being proposed for adoption. Copies of the Initial Study and proposed Negative Declaration are available at the Community Development Department.

APPLICATION REVIEW: If you have any recommendations or comments on this project, please submit them to the Community Development Department no later than September 13, 2016. Comments or recommendations received after that date will not be used in staff's analysis and recommendation for this application. The County's Development Committee will review this application on September 14, 2016, If you would like to receive notice of the staff determination for this project, please notify the Community Development Department in writing.

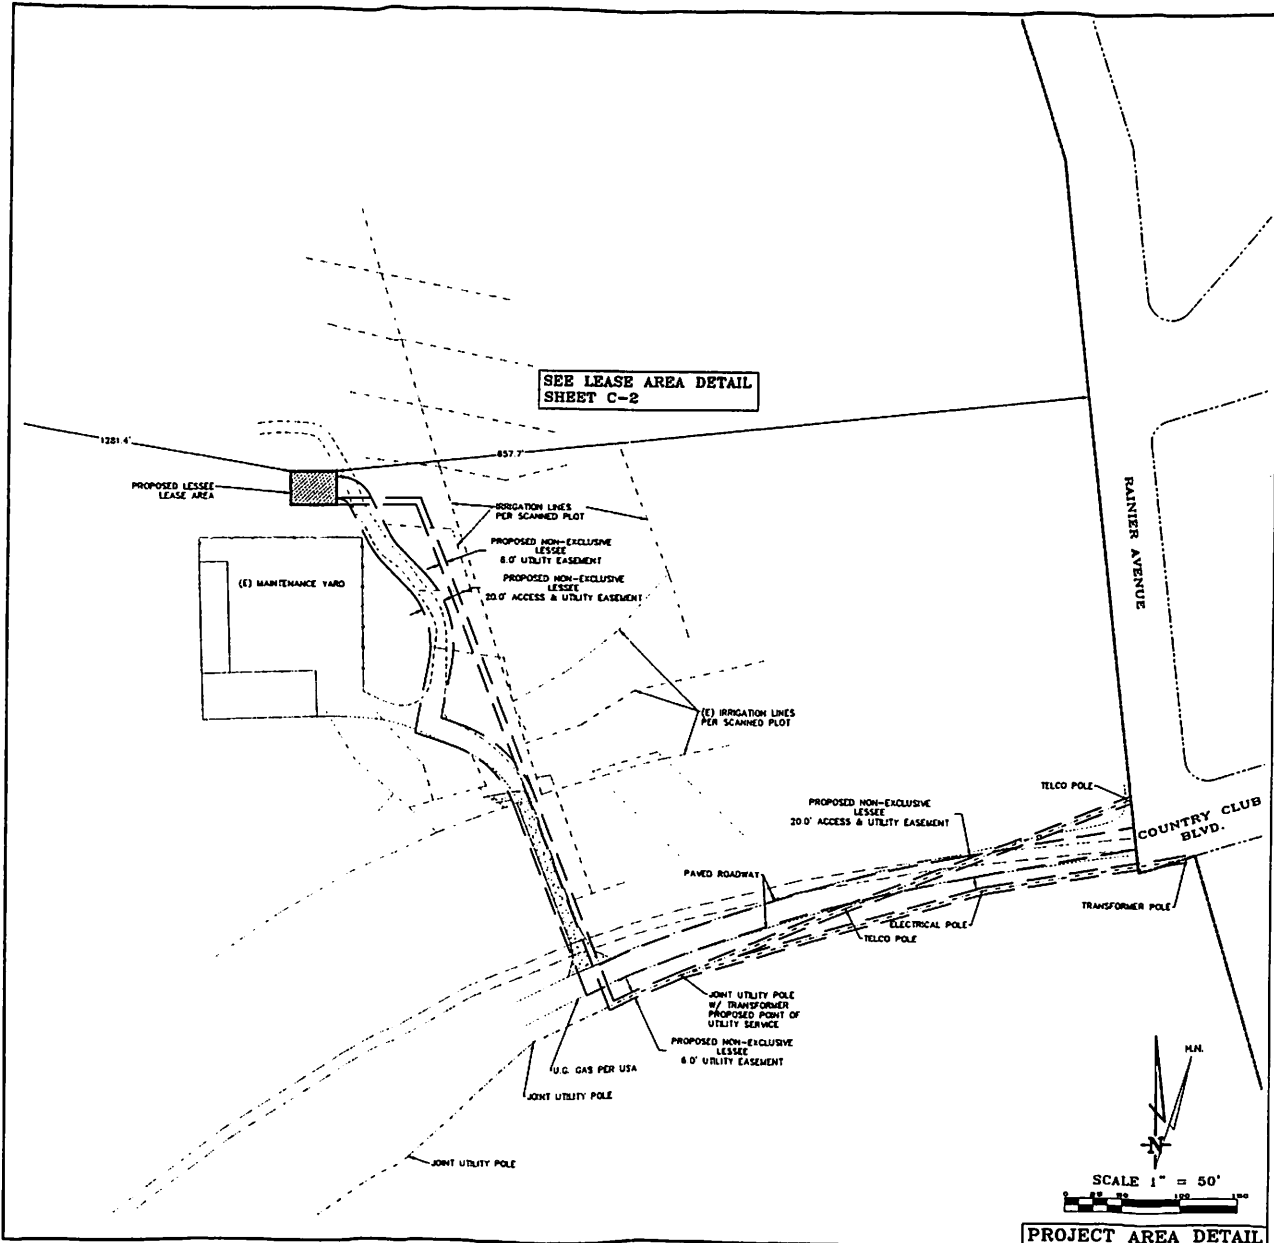

NOTE TO SURROUNDING PROPERTY OWNERS: The Planning Commission will hold a public hearing on this project. You will receive notice of the date, time, and place of the public hearing at a later date.

NOTE TO REVIEW AGENCIES: If you wish to be notified of the Planning Commission hearing date for this project, inform the contact person noted above, and you will be placed on the mailing list. Any public agency which comments on the proposed project or negative declaration will automatically be placed on the Planning Commission mailing list.

SUBJECT: 2016 PRESEASON FLOOD COORDINATION MEETINGS

The Department of Water Resources (DWR) would like to invite you to attend this year's Preseason Flood Coordination Meeting that has been scheduled in your area. This meeting is directed to water managers, emergency responders, and managers that deal with flood emergency preparedness and response.

You are receiving this letter because you either attended one of last year's Preseason Flood Coordination Meetings or are included in the DWR Directory of Flood Officials contact list.

DWR, along with our local, State, and federal partners, will provide an overview of current and future weather, water conditions, flood fight resources, expectations under SEMS, flood emergency response grant funding, and other related topics to better prepare our organizations for the upcoming flood season. A flyer is enclosed with the locations and times of the meetings being held this year.

We encourage you to attend and participate in this multi-agency flood emergency preparedness effort.

If you have any questions or need further information, please contact Pat Clark at (916) 574-1249 or Patricia.Clark@water.ca.gov or Edward Roza at (916) 574-2153 or Edward.Roza@water.ca.gov. You may also call the Flood Operations Center at (916) 574-2619.

We look forward to working with you on flood emergency preparedness and response.

Sincerely,

A handwritten signature in blue ink, appearing to read "J. Paasch".

John Paasch, Chief
Flood Operations Branch

Anticipated Flood Threats Reporting Form

In an effort to better anticipate flood threats, the Department of Water Resources (DWR) State-Federal Flood Operations Center would like to collect information on specific areas of concern or related flood vulnerabilities known to local/county agencies within their jurisdictional boundaries. The intention of this form is to standardize basic elements of information for situational awareness and provide a common operating picture. Please complete this form and return to DWR at a Preseason Flood Coordination Meeting or the e-mail address listed below.

Agency:		Email:	
Name:		Telephone:	
Title:		Date:	

Specific Location Lat/Long (Decimal), Levee Mile (LM), River Mile (RM), Stationing, Other	Watercourse (if applicable)	Threat Examples: boils, seepage, erosion, over-topping, debris, slope instability, etc.	Date(s) Occurred	Description/Location of Concern Provide as much detail as possible: Hazard - past events, frequency of occurrence, trigger levels Consequences - inundated areas, population, property, infrastructure, nuisance flooding Anticipated Response - monitoring, flood fighting, evacuations, etc.
<i>Example: Alpha County Lat. = 37.4072 Long. = -122.1072</i>	<i>Beta River</i>	<i>Erosion caused by whirlpool at the toe of the levee.</i>	<i>03/13/16</i>	<i>Erosion at waterside toe of left bank levee along Beta River, approx. 2.5 miles south of Gamma City. Levee breach will flood farmland, roadways, and buildings. If water surface at Delta Station exceeds 78.0 ft. an emergency berm will be placed by Public Works on levee landside with approx. 5000 cy of fill. If existing levee erodes, berm will serve as new levee until permanent repair can be implemented.</i>

DEPARTMENT OF WATER RESOURCES

1416 NINTH STREET, P.O. BOX 942836
SACRAMENTO, CA 94236-0001
(916) 653-5791

August 5, 2016

Ms. Rhonda Olmo, Secretary
Reclamation District No. 1614
Post Office Box 4807
Stockton, California 95204

Dear Ms. Olmo:

This letter confirms that the Delta Levees Subventions Program received a Fiscal Year 2016-2017 Subventions Application from Reclamation District 1614. The Fiscal Year 2016-2017 Subventions Program annual expenditure plan is being prepared for \$12 million of Proposition 1E funds and will be presented to the Central Valley Flood Protection Board for approval later this month.

If you have any questions, please contact me at (916) 651-9295 or Sandra Maxwell of my staff at (916) 651-7009.

Sincerely,

A handwritten signature in blue ink, appearing to read "Andrea L. Lobato".

Andrea L. Lobato, P.E., Manager
Delta Levees Program

August 1, 2016

MEMORANDUM

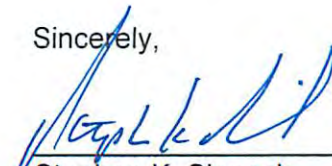

To: Our Valued Clients

Subject: Fee Schedules for 2016 / 2017

Please find attached copies of our Fee Schedules for 2016 / 2017. While some of our rates have changed to reflect the demands of the current employment market, we are pleased that we will be able to hold many of our rates the same for the coming year.

We value all our clients and we very much appreciate the opportunity we have had to work with you over the years. We look forward to continuing to provide services to meet your engineering and surveying needs. If you have any questions regarding our Fee Schedules, or if you have any suggestions as to how we might better serve your project needs, please contact any of us at KSN.

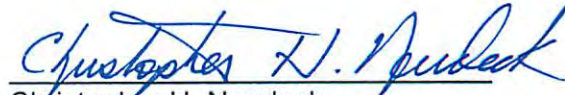

Sincerely,

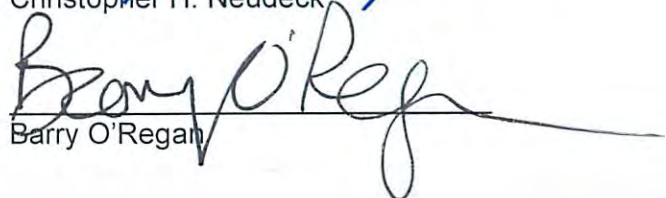

Stephen K. Sinnock

Neal T. Colwell

Christopher H. Neudeck

Barry O'Regan
