DRAFT MINUTES OF SPECIAL MEETING OF BOARD OF TRUSTEES FOR RECLAMATION DISTRICT 1614 HELD WEDNESDAY, AUGUST 28, 2024

The August Special Meeting of the Board of Trustees of Reclamation District 1614 was held on Wednesday, August 28, 2024, at the hour of 2:00 p.m.

Roll Call of Board Members and Staff:

President Kevin Kauffman, Trustee Chris Gaines, Trustee Dominick Gulli, Attorney Andy Pinasco, Engineer Chris Neudeck, Superintendent Abel Palacio, and Secretary Rhonda Olmo

The following members of the public were present: Chris Elias (SJAFCA), Tracy Glaves (landowner), Susan Bod (landowner), and Randy Baez (landowner)

Absent were: None

Item 1. Call to Order/Roll Call. – The meeting was called to order at 9:02 am.

Item 2. <u>Public Comment</u>. The public may comment on any matter within the District's jurisdiction that is not on the agenda. Matters on the agenda may be commented on by the public when the matter is taken up. All comments are limited to 5 minutes for general public comment and per agenda item in accordance with Resolution 2014-06.

No public comment.

Item 3. <u>2030 Moreing Road – Bruce and Elizabeth Davies Property</u>: Discussion and possible action regarding fallen tree at 2030 Moreing Road, Stockton, CA 95204.

Mr. Chris Neudeck and Mr. Abel Palacio presented. Mr. Palacio had previously brought to Mr. Neudeck's attention that a tree had fallen from the Davies property across Smith Canal and that it had damaged the slope of the District's levee and was blocking navigation with the Smith Canal. Mr. Neudeck informed Mr. Palacio that RD 1614 has a policy for tree removal. Mr. Palacio contacted Bruce Davies regarding this issue and Mr. Davies told Mr. Palacio to deal with his son Matthew since he was responsible for the property.

On August 7, 2024 Mr. Palacio spoke with Mr. Matthew Davies to offer the district's policy of removing trees at the district's cost if we can get an easement signed by the legal owner. Mr. Davies refused and told Mr. Palacio that he wound not sign a permanent easement but was willing to allow a temporary one so the work could be done. Mr. Davies told Mr. Palacio that he would not be able to get the tree removed himself for at least a year from now.

Discussion was held regarding Chapter 3 of the District's Levee Encroachment Standards; specifically Section 3.02 paragraph C addresses the owner's responsibility regarding vegetation on the waterside slope. After further discussion by the Board of Trustees, direction was given to Attorney Pinasco to send Bruce and Elizabeth Davies a letter requesting that they appear before the Trustees on September 9, 2024, at the District's office to explain why the vegetation on the district's levee from Property fails to comply with the District's Levee Encroachment Standards.

After review,

On a motion by Trustee Gulli, seconded by Trustee Gaines, the Trustee's present voted unanimously to authorize Attorney Pinasco to send Bruce and Elizabeth Davies a letter requesting that they appear before the Trustees on September 9, 2024, at the District's office to explain why the vegetation on the district's levee from Property fails to comply with the District's Levee Encroachment Standards. by the following vote:

Ayes: Gulli, Gaines, Kauffman

Noes: None Abstain: None Absent: None

Item 4. **Superintendent's Report**. Presentation of Superintendent's Report; request for direction.

Covered under item 3 above.

Item 5. Adjournment. The meeting concluded at 9:49 a.m.

Respectfully submitted,

Rhonda L. Olmo District Secretary

DRAFT MINUTES OF REGULAR MEETING OF BOARD OF TRUSTEES FOR RECLAMATION DISTRICT 1614 HELD MONDAY, SEPTEMBER 9, 2024

The September Regular Meeting of the Board of Trustees of Reclamation District 1614 was held on Monday, September 9, 2024, at the hour of 2:00 p.m.

1. Call to Order/Roll Call. President Kevin Kauffman called the meeting to order at 2:01 p.m.

President Kevin Kauffman, Trustee Chris Gaines, Trustee Dominick Gulli, Attorney Andy Pinasco, Superintendent Abel Palacio, Engineer Chris Neudeck, all attended in person.

The following members of the public were present: Chris Elias (SJAFCA), Tooba Naveed (Law Clerk), Doug Sherman (landowner), Dennis Tamo (landowner), Roland Bod (landowner).

Absent were: District Secretary Rhonda Olmo.

- 2. **Public Comment**. The public may comment on any matter within the District's jurisdiction that is not on the agenda. Matters on the agenda may be commented on by the public when the matter is taken up. All comments are limited to 5 minutes for general public comment and per agenda item in accordance with Resolution 2014-06.
 - a. Mr. Doug Sherman, who shared the original letter regarding the tree on District property, shared his concerns for the hazards posed by the tree. Mr. Sherman seeks to pursue a Molly Wetzel claim against the homeowners responsible for the encorachment. Mr. Dominick Gulli commented that his position on the Board is up for reelection. Mr. Dennis Tamo, a resident near Smith Canal, concurred with Mr. Sherman regarding the hazard of the tree. Mr. Roland Bod also concurs with Doug and Dennis regarding the tree hazard.
- 3. Encroachment Violation. Show Cause Hearing Regarding Violation of Levee Encroachment Standards
 - a. Mr. Andy Pinasco provided the legal procedures for addressing the vegetation encroachment per the District's encroachment standards. A letter was distributed to Mr. Bruce and Elizabeth Davies, and Mr. Matt Davies responded via email that the District is permitted to remove the tree and he has no interest in retaining it. Neither of the Davies were present at the meeting for the Show Cause Hearing.

4. 2030 Moreing Road – Bruce and Elizabeth Davies Property

Violation: Chapter 3 – Vegetation, Section 3.02.C, General Vegetation Standards

- a. Mr. Pinasco provided various options to the Board in terms of their legal remedy. The Water Code provides that the District can hold individuals liable for damages caused to levee. If the owner allows the District on the property, the District can remove the tree and sue for damages. Alternatively, the District can obtain an inspection warrant, where the court permits the District to identify the problem and the District then seeks an injunction against the Davies' to cease the levee violation, which the court will enforce. Another option presented to the Board was to enter into an agreement with Mr. Davies to remove the tree and stipulate as to who will recover costs.
- b. On a motion by Trustee Kauffman, seconded by Trustee Dominick Gulli, the Trustees agreed to receive a proposal from their engineer and approve the scope of work to remove the vegetation posing a potential hazard, subject to a second motion to clarify the work to be done.

RD 1614 Superintendent's Report September 2024

10/02//2024

The District's 11 pump stations and levee system continue to function well. There are no significant problems with pumps to report. Preventative maintenance / repairs, yard maintenance was performed.

Pump Stations: pre-season major housekeeping and preventative maintenance and station enhancements were performed. i.e cleanup of loose debris, oil residue, lighting improvements, graffiti removal, fence and yard work etc. during the month of September. Fence repair work was started at Franklin and Wisconsin pump stations and will be working with contractors for those repairs. Sump cleaning is planned for mid October.

Levee inspection: A levee inspection was performed, a oil spill was reported to me on september 25th, I responded and found oil booms had already been deployed and containment was underway.

This concludes my report.

Respectfully:

Abel Palacio - Reclamation District 1614 Superintendent:

CALIFORNIA DEPARTMENT OF FISH AND WILDLIFE AMENDED DECLARATION OF FISHERIES CLOSURE **DUE TO A PUBLIC HEALTH THREAT CAUSED BY AN OIL SPILL INTO STATE WATERS**

Pursuant to Fish & Game Code section 5654, I find and declare that:

Ι.

On September 27, 2024, I received notice of a petroleum spill into state waters in the City of Stockton, San Joaquin County.

II.

That fishing activities occur in the vicinity of the spill, which may include recreational, commercial, subsistence fishing, and aquaculture operations.

III.

That the Office of Environmental Health Hazard Assessment (OEHHA) has determined that a threat to public health is likely by fishing in the affected area or consuming fish or shellfish that may have been affected by the spill, and that a fishing and shellfish harvesting closure is recommended as stated below:

Smith Canal from American Legion Park, Yosemite Lake to Mission Road

This fisheries closure is recommended during an investigation to determine and establish the degree and nature of the public health threat posed.

IV.

Therefore, I hereby ORDER that the take of all fish and shellfish is prohibited in the vicinity of the spill or where the spill is anticipated to spread. Attached hereto is a map of the initially closed areas. The extent of the closure will change as conditions and factors in the area change.

V.

This Order is not intended to, and does not create, any rights or benefits, substantive or procedural, enforceable at law or in equity, against the State of California, its departments, agencies, or other entities, its officers or employees, or any other person.

INCIDENT UPDATE

A Unified Command with representatives from the United States Coast Guard (USCG), the United States Environmental Protection Agency (USEPA), and the California Department of Fish and Wildlife's Office of Spill Prevention and Response (CDFW-OSPR), has been established and are responding to reports of released petroleum product near the Smith Canal in Stockton, California on Friday afternoon.

The source is reported to be from an oil burner with a maximum potential capacity of 380 gallons. Crews from USCG, CDFW-OSPR and the City of Stockton Fire Department initially deploying sorbent boom to minimize environmental impacts. An additional layer of hard boom was deployed on both sides of the spill site to prevent product from entering the San Joaquin River.

The USCG has opened the Oil Spill Liability Trust Fund for initial response and hired Patriot Environmental Services, an oil spill response organization, to contain and recover the released petroleum product.

SAFETY ZONES

Current response strategies include temporary placement of boom and other potential in-water hazards. Mariners are advised to use caution while operating in the Smith Canal during clean-up and recovery efforts.

ENVIRONMENTAL IMPACTS

CDFW-OSPR environmental scientists are on-scene working to monitor and limit impacts to environmental resources and sensitive sites. Currently, there have been no observed impacts to environmental sensitive sites.

CDFW-OSPR is consulting with the California Office of Environmental Health and Hazard Assessment to determine if a fisheries closure is warranted for the affected area.

WILDLIFE IMPACTS

The Oiled Wildlife Care Network (OWCN) has been notified and is on standby for wildlife response. No observations of oiled wildlife have been reported at this time.

For your safety and the safety of the wildlife do not attempt to capture oiled wildlife. Report oiled wildlife to 1-877-UCD-OWCN (1-877-823-6926). This is not an informational or volunteer hotline.

INCIDENT INFORMATION

Date Incident Reported: 9/27/24

Incident Name: Smith Canal Response

<u>Location:</u> Stockton, CA (San Joaquin County)

Product details: Petroleum

INCIDENT UPDATE

On Tuesday, October 2, 2024, the Unified Command consisting of representatives from the U.S. Coast Guard (USCG), U.S. Environmental Protection Agency (EPA) and the California Department of Fish and Wildlife's Office of Spill Prevention and Response (CDFW-OSPR) completed on-water petroleum recovery efforts related to the release from an oil burner discovered on the banks of the Smith Canal in Stockton on September 27.

Contracted response crews, including Patriot Environmental, contained the product within a 1.5 mile stretch of the Smith Canal and successfully recovered oily waste, used sorbent materials, and floating debris related to the oil burner release.

With on-water petroleum removal operations related to the oil burner release complete, the USCG will transition federal authority of this project to EPA for continued shoreline assessment and recovery operations. Central Valley Regional Water Quality Control Board (CVWB) and San Joaquin County Board of Reclamation will provide technical assistance to EPA during the shoreline phase of the response. CDFW-OSPR will transition the role of State On-Scene Coordinator to CVWB but may provide technical support or consultation on matters regarding potential impacts to wildlife or environmentally sensitive sites.

SAFETY ZONES

All containment booms were removed from the canal on Tuesday, October 2. The safety zone has been lifted and vessel traffic has been opened to the public.

ENVIRONMENTAL IMPACTS

There have been no observed impacts to sensitive environmental sites.

WILDLIFE IMPACTS

There have been no observed impacts to wildlife.

For your safety and the safety of the wildlife, do not attempt to capture oiled wildlife. Report oiled wildlife to 1-877-UCD-OWCN (1-877-823-6926). This is not an informational or volunteer hotline.

CLAIMS

The National Pollution Fund Center (NPFC) is accepting claims in relation to any uncompensated damages and/or removal costs incurred as a result of the oil spill that discharged into the waters of Smith Canal, Stockton, CA on or about September 27, 2024. The NPFC is accepting claims for certain uncompensated damages and/or removal costs that may include:

- Damage to natural resources
- Damage to or loss of real or personal property
- Loss of subsistence use of natural resources
- Loss of government revenues
- Loss of profits and earnings capacity
- Increased cost of public services.

Claims should be in writing, signed by the claimant, for a specified amount; and should include all evidence to support the damages. Claims presented may include claims for interim short-term damages representing less than the full amount to which the claimant ultimately may be entitled. It should be noted that payment of such a claim shall not preclude recovery for damages not reflected in the paid or settled partial claims.

Claims should be emailed to the following address: hqs-smb-npfc-claimsinfo@uscg.mil or may be mailed to: CG National Pollution Funds Center: Claims (CA), US Coast Guard Stop 7605, 2703 Martin Luther King Jr. Ave SE, Washington, DC 20593-7605

Claimants may call 1-800-280-7118 or contact us by email at https://newsamb-npfc-claimsinfo@uscg.mil for more information. Office hours are from 7:00 AM to 3:00 PM EST, Monday through Friday, except holidays.

QUESTIONS

Inquiries related to the next steps in this response can be directed to EPA Press Officer Michael Brogan, brogan.michael@epa.gov.
